

They all
add to the
beauty of
our skyline.
Now they're
also adding
to the beauty
of our sky.

*Greening Chicago . . . one
gorgeous building at a time.*

Thank you to the eighteen new participants in Retrofit Chicago's Commercial Building Initiative, announced recently by Mayor Emanuel. These leading buildings will cut their energy use by at least 20% over the next five years, making our city more competitive, livable, and sustainable. They join the fourteen founding participants in the initiative announced last June. To learn more about the participating buildings, the partners behind the initiative, and how your building can join, go to RetrofitChicagoCBI.org.
