

Merry Christmas

Thanks for all the Christmas greetings, it means a lot to us. This has been a very different year for us. George's Pancreatic cancer returned and brought with it a series of chemo and the latest a combo of a 24 hour chemo pump with daily radiation treatments.

The support of family and colleagues has been tremendous. Despite the time consumed with treatments, we've spent time getting to know our neighbors and getting involved in the community since moving to Georgetown two years ago. It has allowed us more time with Sarai's

family and our grandchildren. The gift of the internet has allowed us to keep in touch with so many of you across the world and revel in all your accomplishments, as well as support our concerns and causes.

Instead of going to Seaside, Oregon to escape the Texas summer heat, Wanda took a trip to Veil, Colorado to visit her friend, Linda. Wanda's a devoted book club-er and enjoys time with her Dialogue Ladies and devotional group, Eremos.

Grace and Peace.
